

Adam to Zion

GUIDELINES FOR USING WORKSHEETS

- ❑ These Worksheets are based on the 93 Lessons in the “Adam To Zion” book. It will be necessary to have a copy of the book to complete each Worksheet. Copies can be obtained from Pastoral Bible Institute or Berean Bible Institute Inc. (addresses below)
- ❑ Although most of the information required to answer the questions is in the corresponding lesson, some questions require direct reference to the scriptures.
- ❑ The scripture reference used for answers is the New International Version.
- ❑ The Worksheets have been aimed at the 8-13+ age group. To cater for a range of ages and abilities the Worksheets comprise a mixture of exercises; some simple or ‘fun’ exercises as well as some questions that require more thought. It was originally intended to provide this mix for each lesson but the nature of the lesson content has not always made this possible. This might be addressed again, in an updated version, if there is a need.
- ❑ Each lesson should be read and understood before the Worksheet questions are attempted. It is suggested that younger children discuss the content with a parent or teacher. It is recommended that groups also follow this pattern of reading and discussing the lesson before attempting the Worksheet.
- ❑ Some questions provide for answers of varying depths. For this reason it might be preferable for some children to work alone and others to work in pairs or small groups.
- ❑ Several exercises require material other than writing material. Leaders should check each lesson in advance.
- ❑ It might be helpful if children file their Worksheets in a folder for later reference.
- ❑ This 2006 version of these Worksheets is a trial or draft version. Feedback relating to aspects such as clarity of instruction, suitability of content for specific age groups and any information that would contribute to a more practical version being produced in 2007 or 2008 would be appreciated. Written feedback should be forwarded to Bro Ray Charlton. Email: rjcharlton@optusnet.com.au
