

January 17

*See, saith he [God], that thou make all things according to the pattern shown to thee.
(Hebrews 8:5)*

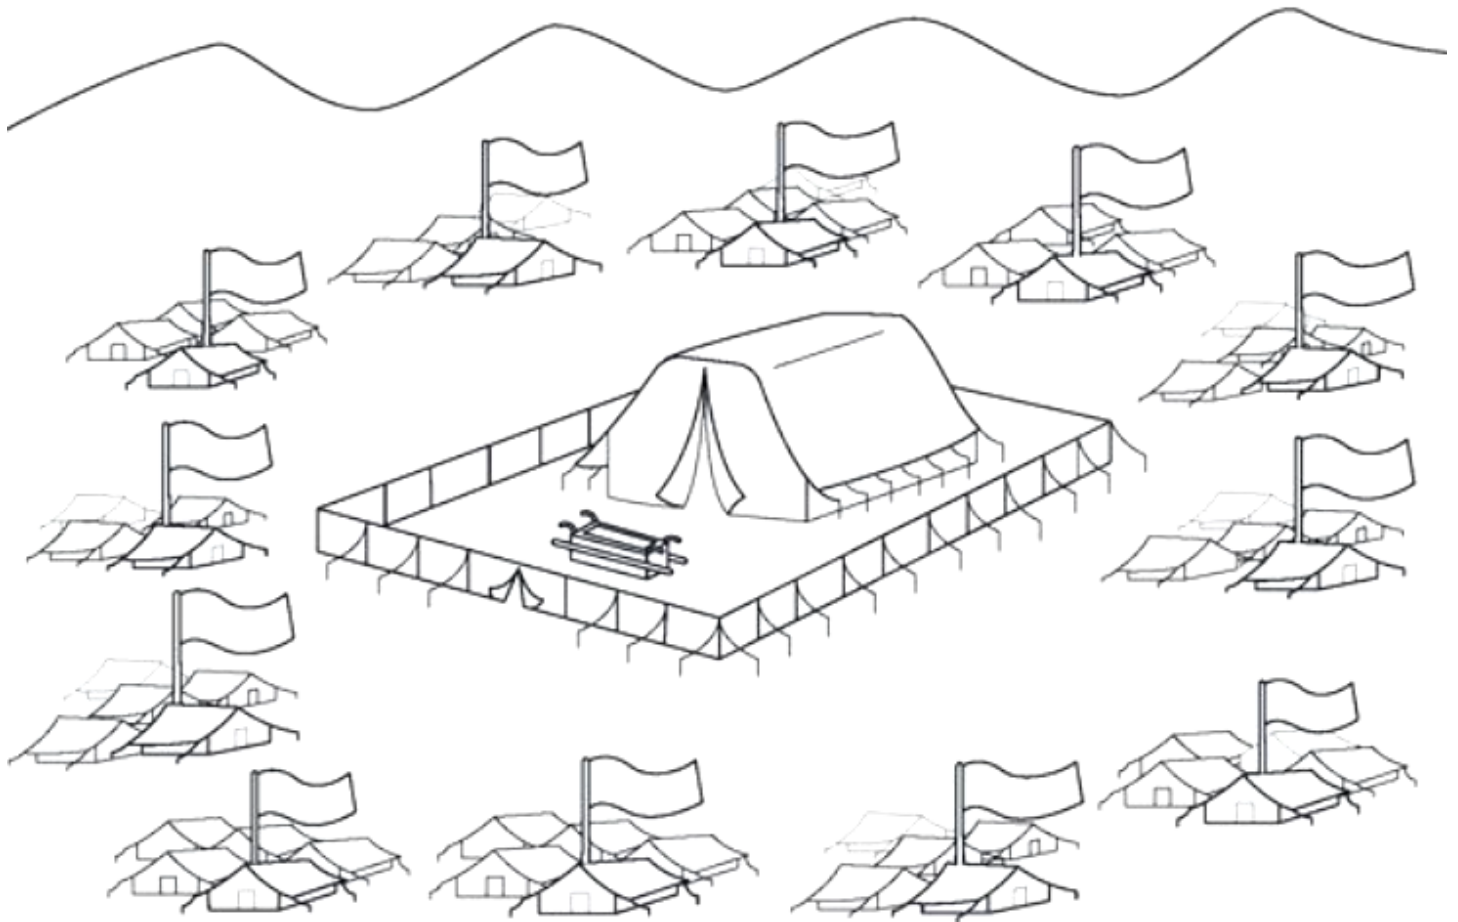

God commanded the people to build a Tabernacle in the wilderness, and he directed all the details. Everything had to be performed exactly as he instructed, down to the very smallest item. This was because the Tabernacle and its services pictured greater and more important things - the Divine plan of the Ages! Psalm 33:6-9
