*I the LORD thy God am a jealous God (Deuteronomy 5:9)*

When the LORD calls himself a jealous god, he means he wants all of our affections, confidence and trust. He wants us to let his will be all-important in our lives. This is not selfish on his part, because letting his will govern our lives brings us the most happiness and peace in all our affairs, and prepares us best for the blessings he has for those who love him. Exodus 20:5
