*Why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? (Matthew 7:3)*

We must first recognize our own faults and try to overcome them, instead of criticizing our brother for his. A mote is a tiny speck, while a beam is a piece of timber, illustrating the possibility that our own faults may be much more serious than those we find in others. Matthew 7:1

*Color the picture*

Color each section a different color and then cut each piece and arrange them to make a well known scripture.

Color the picture and circle what does not belong in this picture.
