## June 19

Lord, how oft shall...I forgive?...Jesus saith,...Until seventy times seven. (Matthew 18:21,22)

Jesus gave a parable concerning a servant whose master forgave him a huge debt, but he turned around and refused to forgive a small amount owed to him. His master was very angry and had him put in prison. This lesson was to help us realize how much God has forgiven us, and we should forgive others also.
