

August 17

*Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over...With the same measure that you mete withal it shall be measured to you again. (Luke 6:38)*

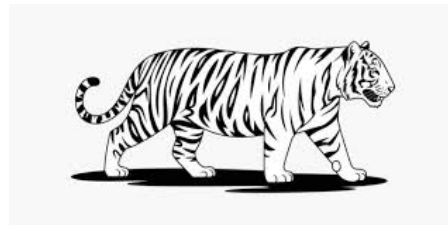

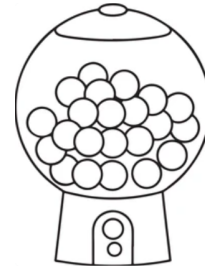

Picture a cup of flour which, when first filled, is truly full. But if you shake it down, press it down, and pile more on top, you can get even more flour into the cup. Since God has blessed us with so many good things, let us be generous and share what we have with others liberally. Matthew 7:2

Given the list of numbers, reason how many of the following items are needed to fill an olympic-size swimming pool. Write your answer next to the picture. {All the numbers are approximate.} (Hint: if you put the items in a list from smallest to largest, that may help.)

9	45	620	9,000
865,000	18,000,000	26,000,000	216,000,000

Decode the numbers and write the correct letters to the verse in Deuteronomy 15:10
