

August 26

He that loveth not knoweth not God; for God is love. (1 John 4:8)

The Greek word used here for love is *agape*. This kind of love is unconditional; it does not have to be deserved. God loves because it is part of His character to do so. There are other words used in the Bible which mean other kinds of love - duty love; love for a friend; or romantic love. But *agape* is the best; you just love, no matter what the other person does. 1 John 4:20
