Ye are my witnesses, saith the LORD, that I am God. (Isaiah 43:12)

God gave many promises to Israel, some of which have already been fulfilled, and others yet to come. One set of promises which has been fulfilled during this twentieth century is that the Jews would return to their land and once more become a nation. Israel has truly become a witness to God's faithfulness in fulfilling promises - proving that He is God. Isaiah 44:8
